

Kye's Story

When Kye first came to JobTrainWA through the Youth Path Program, he stated that he didn't have much confidence or belief in himself. Through the unique delivery of JobTrains EST course, Kye's confidence was boosted and he said his course facilitator helped him to believe in himself more.

With JobTrainWA's assistance, along with Reezy's Café, Kye was able to complete his Cert III in Commercial cookery.

"I am passionate about cooking it's something I love doing and hopefully out of this experience with JobTrain I will find a job which I will be very passionate about. I love cooking because it makes me happy and proud to cook for people. I have had experiences working in a busy kitchen in the Hyatt Hotel in Perth and worked at the Mercure Hotel in Perth as part of my work experience and made me more confident working in a busy workload. Thank you again Jobtrain WA and a special thank you to Deborah for everything that you have done for me." **Kye**
